

# Rainbow

*Dedicated to Win Spinney (1970-1995)*

## VERSE 1

Win was a fisher  
up from a child  
at dawn out on the bay  
he caught a lot of fish  
Win told a story  
both new and old  
of love that dared to die  
he caught a lot of souls

## CHORUS

Sometimes I see him  
oh, in glimpses fleeting  
out on a sea of glass  
singing loud and strong  
I can see him  
oh, in glory kneeling  
laying down his crown  
before a rainbow throne  
Rainbow throne

## VERSE 2

Those leading many  
to righteousness  
shall shine forever  
bright as a star  
His fire healed many  
one life well spent  
Still I remember well  
Win my best friend

## CHORUS

## WIN

He's the one who set all this stuff up  
He's the one who's made the plans for our lives  
He wants to speak to us one on one  
He's calling us now  
God calls us to die to ourselves

## CHORUS

## LAST CHORUS

I can see him  
oh, in glimpses fleeting  
out on a sea of glass  
singing loud and strong  
I can see him  
awed in glory reeling  
in his Father's fire  
like a son of God  
Rainbow throne  
like lightning

# Undone

*(from Isaiah 6)*

## VERSE 1

In the year that King Uzziah died  
I saw a vision of the Lord  
He was high and lifted up  
shining like the sun  
as I in terror hit the floor  
The train of His glory filled the temple  
The pillars trembled as the angels cried  
Holy, holy, holy  
Lord God Almighty

## CHORUS

I am undone  
I am a man of unclean words  
thoughts and deeds  
I am undone  
For now my eyes have seen the King  
the Holy One  
I am undone

## VERSE 2

On my lips a coal of fire  
took my iniquity away  
And I know I should have died  
Instead He gave me life  
Gave me ears to hear the words he'd say  
His voice resounded through the temple  
Whom shall I send unto a people gone astray?  
Oh Lord, here am I  
I had no life before today

## CHORUS

# Loving You

## VERSE 1

Oh Lord my God  
come to me  
touch my heart  
with your love  
Speak to me  
words of hope  
words of life  
words of peace

## PRE-CHORUS

And when my enemy  
leads me into darkness  
leads me into night  
You open up my eyes  
to all your glory, beautiful  
dreams of life and loving You

## CHORUS

In my mind  
I see that place  
come to life  
I've been dreaming  
of a day  
You will call my name  
Face to face  
I'll be loving you

## VERSE 2

Oh King of light  
open my  
blinded eyes  
when I can't see  
what is real  
and the truth  
I need You  
to reveal

## PRE-CHORUS

## CHORUS

# Call Me By My Name

## VERSE 1

On the right hand and the left  
behind me and before  
always the battle rages  
I'm sick of war  
How often I've been wounded  
my skin a map of scars  
Each one's a priceless jewel  
They'll line my crown like stars

## PRE-CHORUS

And this holy desire inside me grows  
to hear your beautiful voice

## CHORUS

Call me by my name  
Lord Jesus

## VERSE 2

One day by a sea of crystal  
we'll stand a multitude  
and sing in rapt abandon  
just to look at you  
And in your hand to give me  
You hold a precious stone  
my name engraved upon it  
my new name no one knows

## PRE-CHORUS

## CHORUS

## PRE-CHORUS

## BRIDGE

Enter in  
Well done  
my child  
faithful one

## PRE-CHORUS

## CHORUS

Call me by my name  
in the white stone

## Wrapped Up

All that I am  
all I will ever be  
and my history  
is in you  
All that I love  
all I have ever dreamed  
and all I seek  
is in you  
wrapped up in you

## Show Me Your Glory

VERSE 1

From glory to glory  
by the spirit of the lord  
When I see your glory  
I'll be transformed  
Hide me in the cleft of the rock  
and tell me your name  
Make your glory pass before my eyes  
and I'll never be the same  
Glory to your name

CHORUS

Oh my Lord show me your glory  
Let your holy fire consume me  
ever dying and coming to life

VERSE 2

Like Joshua I long to see  
the Captain of the host  
A robe of blood adorns the one  
I love the most  
Coming in the clouds of the sky  
and leading armies in white  
Let me look into your eyes of fire  
Yeshua Adonai  
Yahweh El Shaddai  
come to claim your bride

CHORUS

# You

## VERSE 1

I love your name  
I love your ways  
and your resplendent beauty  
My life revolves around your call  
and the love you give me  
a love to last eternally  
music in the heavenlies

## CHORUS

You are my symphony  
my legacy of harmony  
the curiosity of all who see  
You hold my hopes and dreams  
In your love I find my peace  
You're the mystery  
I long to see you

## VERSE 2

You hold the man in your hand  
in your love preserving me  
I will trust  
until the dust claims my lifeless body  
Until you take me to my home  
You never leave your child alone  
Jesus

## CHORUS

Now you've become my one desire  
burning like consuming fire

## CHORUS

# Day or Night

## VERSE 1

Day into night  
night into day  
Looking for signs of your coming  
Pain into joy  
joy into pain  
We stumble on until we fade away

## PRE-CHORUS 1

I know you won't forget  
I'm waiting for you  
You know I won't forget  
you're waiting too

## CHORUS

And if you come to me in the heat of the day  
then you will far outshine the sun  
Will it be darkest night your glory I see  
like lightning illuminate the sky?  
Day or night  
come to me

## VERSE 2

Wise in the dark  
blind in the light  
Nations they rage  
people they live and die  
The cycle goes on  
It's all we have ever known  
but I can feel all of creation groan

## PRE-CHORUS 2

I want to join the crowd  
riding with you  
and I want to stand below  
and tremble too

## CHORUS

## PRE-CHORUS 3

I want to join the crowd  
riding above  
I want to stand below  
and gaze in love

## CHORUS
